

**The Research and Education Foundation
of the American Head and Neck Society
would like to invite you to be a founding
member of the Centurion Club.**

The Centurion Club is available only to AHNS members and requires a commitment of \$1,000 to the Foundation annually.

Members receive exclusive benefits and recognition, including lounge access at AHNS Annual Meetings and privileges at the International Conference, plus much more.

More so, membership fees directly support the Foundation which funds education and research of head and neck cancer in order to find better, more effective treatments and, someday, a cure.

Your support may save a life.

Join NOW to begin benefitting in 2011.

Response card enclosed.

**I want to be a centurion and support
education and research to cure
head and neck cancer!**

Name _____

Address _____

Email _____

Phone _____
