

TALC Progress Report
November 28, 2010

The TALC protocol is now progressing well. Enrollment is gaining momentum as more study sites come online. There are now 27 sites open and enrolling, with IRB or Cancer Center approvals pending at 13 additional sites. Enrollment is already at n=34, of a planned 220 patients.

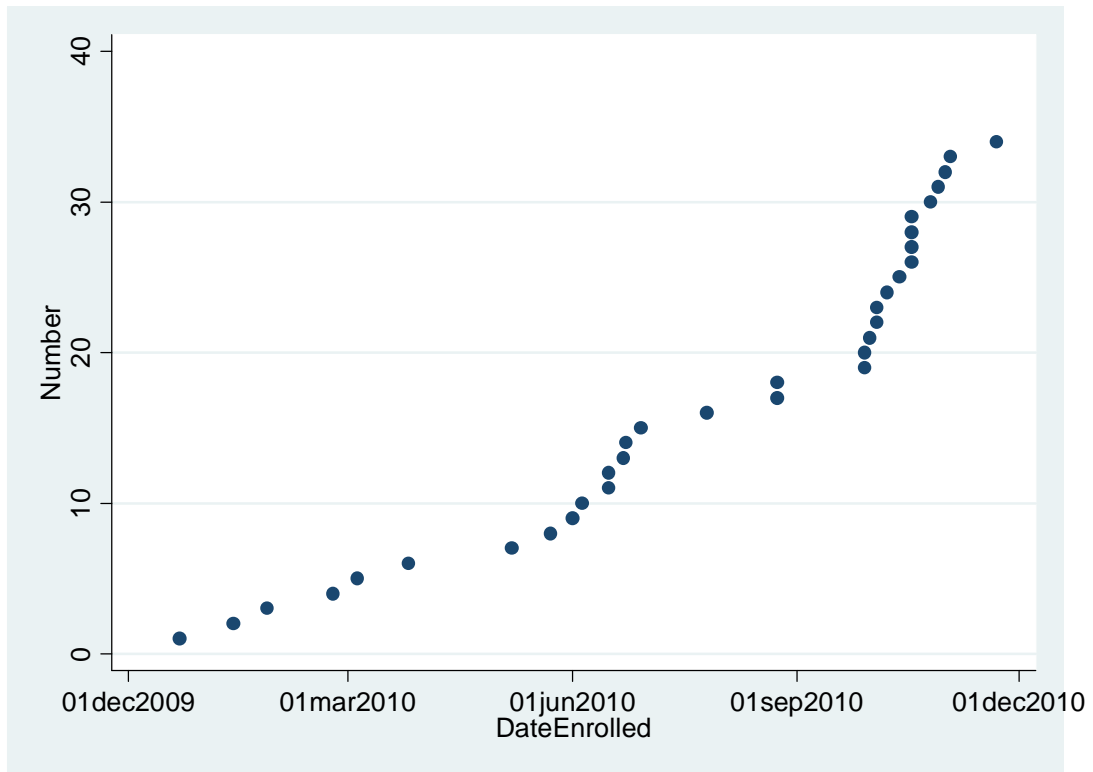

We are still recruiting participating sites, to speed enrollment. Please contact ferna079@umn.edu if you would like to participate. You may find additional details at the test website:
