In collaboration with

Washington University in St. Louis
School of Medicine

FEATUREING:
• Didactic lectures supplemented with video clips, live surgical cases and case discussions
• Renowned Washington University, Mayo Clinic and Guest Faculty
• Optional Hands-On Workshop in Mayo Clinic’s Center for Procedural Innovation

$75 Discount for Online Registration
Go to www.mayo.edu/cme (offer expires January 26, 2014)
This course is designed to give Otolaryngologists, Head and Neck Surgeons, Oral Maxillofacial Surgeons, and Head and Neck Oncologists a focused educational experience in transoral endoscopic techniques for resecting primary head and neck tumors. Both transoral laser and robotic surgery will be featured, as well as flexible laser surgery in inpatient and outpatient environments.

An optional cadaveric hands-on workshop will provide participants with opportunities to perform various transoral procedures with laser technologies and delivery systems. Renowned faculty will emphasize fundamental transoral anatomy, microsurgical and robotic techniques, and wound exposure, as well as other transoral techniques. Workshop participants will gain experience in the art of tumor exposure using various retractors and appropriate and safe use of multiple transoral systems.

Upon completion of this course, participants should be able to:

- Identify which patients are eligible for transoral robotic and laser surgery.
- Distinguish the differences between transoral surgery and traditional treatment strategies, both surgical and radiation-based.
- Identify key features of “inside-out” anatomy of the upper aerodigestive tract.
- Describe advantages and technique of margin mapping.
- Relate potential advantages that may be realized with transoral robotic surgery.
- Identify basic transoral laser microsurgery instrumentation and operative complications.
- Identify key technical mistakes to avoid.
- Discuss postoperative management of patients treated with transoral surgery.

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

Mayo Clinic College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
