

Advance Program for the AHNS 2019 Meeting at COSM

Elevating Head and Neck Cancer Care Through Evidence Based Medicine

ACCREDITATION STATEMENT:

The American Head & Neck Society (AHNS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide Continuing Medical Education for physicians.

The AHNS designates this live activity for a maximum of **17.5 AMA PRA Category 1 Credit(s)**™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to meet the expectations of the American Board of Otolaryngology's Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of recognizing participation.

AGENDA:

***Faculty and Titles Subject to Change*

Wednesday, May 1, 2019

	<i>Location</i>	<i>Location</i>
7:00 am – 7:15 am	Welcome and Guest of Honor Introduction Grand 5 <i>Speakers: Ehab Y. Hanna, MD, Neil D. Gross, MD, and Carole Fakhry, MD, MPH</i>	
7:20 am – 8:05 am	Jatin Shah Symposium: Remote Access versus Standard Thyroidectomy Debate: Where is the Value and Who Defines It? Grand 5 <i>Moderator: Amy Chen, MD, MPH</i> Open Thyroidectomy - Michael Singer, MD Robotic Assisted Thyroidectomy - Yoon Woo Koh, MD, PhD Transoral Vestibular Endoscopic Thyroidectomy - Jon Russell, MD Rebuttals, Questions and Answer - <i>All Speakers</i> This session will highlight the pros and cons of two remote access approaches versus a traditional "open" transcervical approach for thyroidectomy.	Reconstructive Roundtable: Pearls and Pitfalls of Pharyngeal Reconstruction After Salvage Laryngectomy Grand 6 <i>Moderator: Jeremy Richmon, MD</i> <i>Panelists: Steven Cannady, MD; Steven Chinn, MD, MPH; Kerstin Stenson, MD; Peirong Yu, MD</i> An interactive case-based panel will discuss reconstruction after salvage laryngectomy and perioperative management.
8:10 am – 8:55 am	Advances in Radiotherapy: Proton v. IMRT Debate Grand 5 <i>Moderator: Vasu Divi, MD</i> Primer on Radiobiology - Beth Beadle, MD, PhD Proton therapy 101 - Brandon Gunn, MD Debate IMRT v. IMPT (proton therapy) - Sue Yom, MD, PhD v. Steven Frank, MD Rebuttals, Questions and Answers Questions and answers This session will provide background on IMRT and proton therapy followed by a debate which will examine the indications, clinical benefits, side-effect profiles, and cost of these modalities.	What is Quality in Head and Neck Surgery? Grand 6 <i>Moderator: David Goldstein, MD, MSc, FRCSC</i> Patient Perspective: What is Quality of Care? - Andrew Shuman, MD Head and Neck Specific Metrics and How to Implement Quality Initiatives - Randal Weber, MD Does Volume of Surgery Impact Quality? - Christine G. Gourin, MD Should Time to Treatment be a Quality Metric? - Evan M. Graboyes, MD This session will review the concept of quality in head and neck oncologic surgery from both physician and patient perspectives as well as highlight specific quality indicators and metrics.
9:00 am – 9:45 am	Cooperative Groups Updates: Where We Have Been and Where We are Going Grand 5 <i>Moderator: Robert Ferris, MD, PhD</i> History of Role of Surgeons in Cooperative Groups and Trials - John A. Ridge, MD, PhD From Idea to a Trial and Surgeon Credentialing for Cooperative Group Trials - Chris Holsinger, MD Update on Current Cooperative Group Trials - Steve Chang, MD The ongoing role of cooperative groups in defining the standard of care for head and neck cancer patients will be discussed and the important role surgeons play in cooperative group trials.	Larynx Cancer Debate: Incorporating Best Evidence Grand 6 <i>Moderator: Benjamin Judson, MD</i> Debate I: Early Larynx Cancer: Surgery v. Radiotherapy - Daniel L. Price, MD v. Jonathan J. Beitler, MD Debate II: Late Stage Larynx Cancer: Sequential Therapy v. Concurrent Therapy - David I. Rosenthal, MD v. Gregory T. Wolf, MD Experts will debate the contemporary management of larynx cancer cases using the best evidence to select treatment for early and late larynx cancer.

9:45 am - 10:15 am	Break with Exhibitors in Grand Ballroom Foyer	
10:15 am - 11:00 am	Complexities of Non-Melanoma Skin Cancer Moderator: Steven J. Wang, MD Panelists: Mike Wong, MD; Audrey Erman, MD; Marcus M. Monroe, MD; Sandro Porceddu, MD A multidisciplinary head and neck cutaneous tumor board format will be used to discuss challenges and controversies in the management of non-melanoma skin cancers.	Salivary Debate: How Much is Too Much? Moderator: David W. Eisele, MD Debate I: Approach for Benign Parotid Tumors: Extracapsular v. Superficial Parotidectomy - Richard Smith, MD v. Ellie Maghami, MD Rebuttals, Questions and Answers Debate II: More v. Less Aggressive Surgical Management of Salivary Cancers - Daniel Deschler, MD v. David Cognetti, MD Rebuttals, Questions and Answers This session will address two controversial topics in salivary disease in debate format and include videos of selected approaches.
11:05 am - 12:00 pm	John Conley Lecture Value-Based Health Care: The Agenda for Head and Neck Introduction by Ehab Hanna, MD Speaker - Michael Porter	Grand 5
12:00 pm - 1:00 pm	Lunch with Exhibitors in Grand Ballroom Foyer	
1:00 pm - 1:10 pm	Best of Mucosal HPV-Positive Abstracts Moderator: Cherie-Ann Nathan, MD	Grand 5
1:10 pm - 1:55 pm	Debate: Re-Defining the Role of Chemotherapy and Surgery for HPV-Positive Oropharynx Cancer Moderator: Cherie-Ann Nathan, MD Debate I: The Role of Chemotherapy for Microscopic Extranodal Extension in HPV-related Oropharynx Cancer Chemotherapy v. No Chemotherapy - Zain Husain BSc, MD v. Barbara Burtness, MD Rebuttals, Questions and Answers Debate II: The Role Surgery for Macroscopic Extranodal Extension in HPV-related Oropharynx Cancer Upfront Surgery v. Chemoradiation - Bruce Haughey, MBChB v. James Rocco, MD, PhD Rebuttals, Questions and Answers Experts in the field will debate the addition of chemotherapy after primary surgical treatment for HPV-positive oropharynx cancer patients with microscopic extranodal extension and the ideal primary therapy for patients with gross extranodal extension at presentation.	Best of Endocrine Abstracts Moderator: Vikas Mehta, MD & Erin Partington Buczek, MD Scientific Session 1 - Endocrine Moderator: Vikas Mehta, MD & Erin Partington Buczek, MD 301/302
2:00 pm - 2:45 pm	Defining the Value of Primary Treatment, Salvage Surgery, and Palliative Care in Head and Neck Cancer Moderator: Susan D. McCammon, MD Panelists: William Lydiatt, MD; Terry Day, MD; Wayne Koch, MD; Elizabeth Kvale, MD, MSPH; Ezra Cohen, MD This expert panel discussion will examine issues of value from primary treatment to death, from patient, provider and societal perspectives. Topics will include decisional regret during the survivorship period, supportive care and (re-)defining value after definitive treatment. The panel will also address decision support and value of salvage surgery or second-line treatment. When does curative intent become palliative intent, and when does palliative intent become low value?	Scientific Session 2 - HPV-Negative I Moderators: Karen Pitman, MD & Dan Price, MD 301/302
2:45 pm - 3:15 pm	Break with Exhibitors in Grand Ballroom Foyer	
3:15 pm - 4:00 pm	Skull Base Tumor Board Moderator: Ricardo Carrau, MD	Scientific Session 3 - Reconstructive Advances I Moderators: Kirin Kakarala, MD & Heather Osborn, MD, FRCS

	Grand 5	301/302
	<p>Panelists: Marc Cohen, MD, MPH; Derrick Lin, MD; Jack Phan, MD, PhD; Nabil Saba, MD; Lawrence Ginsberg, MD</p> <p>This session will present challenging cases for the multidisciplinary panel to discuss diagnostic and therapeutic options, including controversies and potential complications.</p>	
4:05 pm – 4:50 pm	<p>Best of 2019: Practice-Changing Clinical Trials Moderator: John de Almeida, MD, MSc</p> <p>Grand 5</p> <p>RTOG 1016 - Andrea Trotti, MD P16 Outside the Oropharynx - Loren Mell, MD</p> <p>Panel Discussion of Clinical Implications of Emerging Data- Panelists: Uma Duvvuri, MD, PhD; Lisa Rooper, MD; Tina Rodriguez, MD; Shlomo Koyfman, MD</p> <p>Recent clinical trial data for HPV-related head and neck cancers will be presented followed by a panel discussion of the clinical implications of the data.</p>	<p>Scientific Session 4 - HPV-Positive Moderators: Melonie Nance MD & Thomas Ow, MD</p> <p>301/302</p>
4:50 pm – 5:00 pm	AHNS Research Awards	Grand 5
5:00 pm - 6:00 pm	AHNS Business Meeting	Grand 5
6:00 pm - 7:00 pm	Fellowship Information Session	502/503
		Endocrine Section Business Meeting
		301/302
Thursday, May 2, 2019		
<i>**Faculty and Titles Subject to Change</i>		
6:00 am - 7:00 am		<p>Scientific Session 5 - Value I Moderators: Carol Lewis, MD & Benjamin Roman, MD</p> <p>301/302</p>
7:00 am – 7:10 am	<p>Best Abstracts in Cutaneous Malignancy Moderator: Daniel Clayburgh, MD</p> <p>Grand 5</p>	<p>Scientific Session 6 – HPV Negative II Moderators: Andrew Day, MD & William Ryan, MD</p> <p>301/302</p>
7:10 am – 7:55 am	<p>Melanoma Debates: Is Head and Neck Melanoma Different? Moderator: Daniel Clayburgh, MD</p> <p>Debate I: Sentinel Lymph Node Biopsy v. Completion Neck Dissection for Positive Sentinel Lymph Node Biopsy - Carol Bradford, MD v. Brian Moore, MD</p> <p>Debate II: Adjuvant Management of Node-Positive Melanoma: Radiotherapy v. Immunotherapy - Chris Barker, MD v. Chad Zender, MD</p> <p>Debates will highlight current research and controversies in melanoma regarding the role of completion neck dissection after positive sentinel lymph node biopsy and the evolving role of adjuvant therapies in high-risk cases (radiotherapy or immunotherapy).</p>	
8:00 am – 8:45 am	<p>Endocrine Tumor Board: Management of Advanced Thyroid Malignancy- The Evolving Role of Targeted Therapy and Surgery Moderator: Mark Zafereo, MD</p> <p>Grand 5</p> <p>Panelists: Naifa Busaidy, MD; Ian Ganly, MD, PhD; Ana Ponce Kiess, MD, PhD; Lori Wirth, MD</p> <p>A multidisciplinary panel will discuss novel therapeutic strategies for patients with advanced thyroid malignancies including medullary, Hurthle cell, and anaplastic cancers.</p>	<p>Scientific Session 7 - Reconstructive Advances II Moderators: Elizabeth Nicolli, MD & Chase Heaton, MD</p> <p>301/302</p>
8:50 am- 9:45 am	<p>Best of 2019: Pivotal International Trials Moderator: Dan Fliss, MD</p> <p>Grand 5</p> <p>Identifying the “Supra High Risk” Group within the POST (TROG 05.01) Study (Australia) - Sandro Porceddu, MD Management of the No Neck in Early Oral Cancer (India) - Pankaj Chaturvedi, MBBS, MS DeLos-II Trial in Resectable Laryngeal Cancer (Germany) -</p>	<p>8:50 am – 9:00 am Best of Skull Base Abstracts Moderator: Ivan El-Sayed, MD</p> <p>9:00 am – 9:45 am Skull Base Cancer Debates: Should I Operate? Moderator: Ivan El-Sayed, MD</p> <p>Debate I: Intracranial Extension</p> <p>301/302</p>

Andreas Dietz, MD

Results from recent pivotal international prospective head and neck cancer trials will be presented.

Operate v. Not Operate - Adam Zanation, MD v. Christopher Rassekh, MD

Debate II: Orbital Encroachment

Resect Orbit v. Not Resect - Mathew Geltzeiler, MD v. Shirley Y. Su, MD

Case-based debates on management of complicated skull base malignancies will highlight surgical versus nonsurgical treatment options, focusing on pathology with intracranial extension and encroachment of the orbit.

9:45 am - 10:15 am

Break in Exhibit Hall

10:15 am - 11:00 am

Novel Approaches to an Old Problem: Re-thinking Oral Cavity Cancer

Moderator: Maie St. John, MD, PhD

Grand 5

Epidemiologic Changes - Jose P. Zevallos, MD, MPH
New Imaging Modalities - Eben L. Rosenthal, MD
Sentinel Node Biopsy - Stephen Y. Lai, MD, PhD
Neoadjuvant Therapy - Bryan R. Bell, MD, DDS

Case-based format will be used to highlight observed epidemiologic trends in oral cavity cancers, novel imaging approaches, primary therapeutic strategies and neo-adjuvant therapies including immunotherapy.

Scientific Session 8 – Outcomes

Moderators: Michael Moore, MD & Louis Kowalski, MD, PhD

301/302

11:05 am - 12:00 pm

**Presidential Address and Awards:
The Future of AHNS in a Competitive Environment:
Is Value Based Care Mere Theory or an Existential Strategy?**

Grand 5

Ehab Hanna, MD

Introduction by Cherie-Ann Nathan, MD

12:00 pm - 1:00 pm

Lunch in Exhibit Hall

1:00 pm - 1:55 pm

(Sessions Times Vary, Exact Times to the Right)

**1:00 pm - 1:50 pm
Current Concepts in Education**

Moderator: Babak Givi, MD

Changes in ABOTO - Brian Nussenbaum, MD

Simulation Training in Surgical Education
- Kelly M. Malloy, MD

AHNS TORS Training Curriculum for Fellows; Presentation of Certificates to 2019 Graduates - Neil D. Gross, MD

The executive director of American Board of Otolaryngology- Head and Neck Surgery will provide an update on recent changes. Implementation of new tools in surgical education will be discussed. The AHNS TORS training curriculum will be presented and inaugural graduates recognized.

Location

Grand 5

1:00 pm - 1:10 pm

Best of Reconstructive Abstracts

Moderator: Brett Miles, MD

**1:10 pm - 1:55 pm
Debate: Reconstruction of Head and Neck Cancer Defects**

Moderator: Brett Miles, MD

Debate I: Optimal Maxillectomy Defect Rehabilitation

Obturator v. Surgical Reconstruction - Neal Futran, MD, DMD v. Ralph Gilbert, MD

Rebuttal, Questions and Answers

Debate II: Functional Reconstruction of Oral Cavity Cancer Defects

Pedicle Flap v. Free Flap - Urjeet Patel, MD v. Douglas Chepeha, MD

Rebuttal, Questions and Answers

Complex head and neck cancer cases will serve as the basis of debate between experts for two controversial topics in head and neck reconstruction.

Location

Grand 6

1:00 pm - 1:45 pm

**Scientific Session 9-
Advances in Systemic Therapy**

Moderator: Jeffrey Liu, MD & Raj Mandal, MD

301/302

1:55 pm - 2:45 pm

**Hayes Martin Lecture
Life Lessons from my Thirty-Seven Years
as a Navy SEAL**

Admiral William McRaven

Introduction by Ehab Hanna, MD

Grand 5

2:45 pm - 3:15 pm

Break in Exhibit Hall

3:15 pm – 4:00 pm <i>(Panel Sessions Vary, Exact Times to the Right)</i>	3:15 pm – 4:00 pm Grand 5 Immunotherapy 101 for Head and Neck Cancer <i>Moderator: Andrew Sikora, MD, PhD</i>	3:15 pm – 3:25 pm Grand 6 Best of Salivary Abstracts <i>Moderator: Patrick Ha, MD</i>	3:15 pm – 4:00 pm 301/302 Scientific Session 10 – Value II <i>Moderators: Jennifer Cracchiolo, MD & Wais Rahmati, MD</i>
	<p>Basics of Immunotherapy and Why is it Attractive for Head and Neck Cancer Treatment? - <i>Nicole Schmitt MD</i></p> <p>What is the Value of Immunotherapy in the Neoadjuvant and Salvage Surgical Settings? - <i>Tanguy Seiwert MD</i></p> <p>Understanding a Connection between Genetics and Immunotherapy - <i>Nishant Agrawal MD</i></p> <p>This session will use a didactic and case presentation format to highlight important principles of cancer/immune interactions, and describe recent advances in immunotherapy.</p>	<p>3:25 pm – 4:10 pm Moving Beyond Histology: Biomarkers for Salivary Gland Cancer <i>Moderator: Patrick Ha, MD</i></p> <p>Genetic and Immunologic Hallmarks of Salivary Cancers- <i>Luc G.T. Morris, MD, MSc</i></p> <p>Secretory Carcinoma Gene Fusions and Therapeutic Targets - <i>Raja Seethala, MD</i></p> <p>Therapeutic Implications of NOTCH Mutations in Salivary Gland Cancer - <i>Renata Ferraroto, MD</i></p> <p>Radiomic Implications - <i>David Raben, MD</i></p> <p>This session will use a case-based format to discuss novel salivary gland biomarkers and how these alterations may affect diagnosis, prognosis, and treatment options.</p>	

4:05 pm – 5:00 pm <i>(Panel Sessions Vary, Exact Times to the Right)</i>	4:05 pm – 4:15 pm Grand 5 Best of Mucosal HPV-Negative Abstracts <i>Moderator: Joseph Califano, MD</i>	4:15 pm – 5:00 pm Grand 6 Debate: Controversies in Endocrine Surgery: Are We Operating Too Much? <i>Moderators: Joseph Scharpf, MD & Ralph P. Tufano, MD, MBA</i>	4:05 pm – 5:00 pm 301/ 302 Scientific Session 11 – Biomarker <i>Moderator: Kevin Emerick, MD & Matt Spector, MD</i>
	<p>4:15 pm – 5:00 pm Debate: Optimal 1st Line Management for HPV-related Oropharynx Cancer <i>Moderator: Joseph Califano, MD</i></p> <p>Primary Surgery v. Primary Radiotherapy <i>Harry Quon, MD, Eric Moore, MD & Heather Starmer, MA CCC-SLP v. Tom Galloway, MD, J. Scott Magnuson, MD & Katherine Hutcheson, PhD</i></p> <p>Rebuttals, Questions and Answers</p> <p>The optimal first-line treatment for HPV-related oropharynx cancer will be debated by multidisciplinary teams. Several illustrative cases will be presented with surgical and non-surgical teams facing off to present the best level evidence to support their position.</p>	<p>Active Surveillance vs. Surgery for Papillary Microcarcinoma <i>Moderator: Joseph Scharpf, MD</i></p> <p>Surgery v. Surveillance - <i>Louise Davies, MD, MS v. Catherine Sinclair, MD, FRACS</i> Rebuttals, Questions and Answers</p> <p>Normocalcemic Primary Hyperparathyroidism <i>Moderator: Ralph P. Tufano, MD, MBA</i></p> <p>Surgery v. Surveillance - <i>Maisie Shindo, MD v. David Steward, MD</i> Rebuttals, Questions and Answers</p> <p>Debates will be complemented with illustrative cases to examine the evidence-based decision making of surgical or medical management for incidental thyroid cancer and normocalcemic primary hyperparathyroidism.</p>	

5:30 pm – 6:00 pm	Quickshot Oral Presentations in Poster Hall <i>Moderators: Marietta Tan, MD & Allen Ho, MD</i>	Griffin Hall
6:00 pm – 7:00 pm	Poster Discussion Tours and Reception in Poster Hall	Griffin Hall
7:30 pm – 8:30 pm	President's Reception	Grand 2
