

4th International Symposium on HPV Infection in Head and Neck Cancer

Dear colleagues and friends,

It is our great pleasure to announce the *4th International Symposium on HPV Infection in Head and Neck Cancer*, 5 and 6 November 2020 at the OBA Public Library Conference Center in the city center of Amsterdam, The Netherlands. This symposium belongs to a bi-annual series that started in Poznan, followed by Leipzig, Essen and now Amsterdam.

We cordially invite you to participate in this important event on the role of HPV in head and neck oncology. The program contains highlights in epidemiology and carcinogenesis, screening and prevention, prognostic impact, treatment and therapy developments, and future perspectives.

Lectures will be given by internationally renowned experts and presentations of a selection of submitted abstracts will be complemented by panel discussions, tumor boards, debates and posters.
