11:00 AM	Case Discussion	

Moderators: Sophie Y. Dream, MD & Douglas B. Evans, MD

Panelists: Ty Carroll, MD; James W. Findling, MD; Adriana G. Ioachimescu, MD; Mark A. Lazzaro, MD; Carmen C. Solórzano, MD; Tracy S. Wang, MD, MPH; Linwah Yip, MD; Catherine Zhang, MD; Nathan Zwagerman, MD

12:00 PM **Adjournment**

The Medical College of Wisconsin 2023 Endocrine Surgery and Neuroendocrine Tumor Symposium will be held on March 31 - April 1, 2023, at Renaissance Milwaukee West Hotel, located at 2300 N. Mayfair Road, Wauwatosa, WI 53226.

PARKING: Complimentary garage or surface lot parking is available at Renaissance Milwaukee West Hotel. Valet parking is not available.

TARGET AUDIENCE: Endocrine Surgeons, General Surgeons, Endocrinologists, Otolaryngologists, Surgical Oncologists, Primary Care Physicians, Fellows, Residents, Students, and Allied Health Professionals.

PURPOSE: This educational activity is designed to highlight current issues in the management of disorders of the parathyroid/thyroid and adrenal glands through didactic lectures, panel discussions, and case presentations. Invited speakers include distinguished academic surgeons who are well-published in their respective fields and who can provide up-to-date summaries of the topics.

EDUCATIONAL OBJECTIVES:

Upon completion of the course, attendees will be able to:

- Describe the multidisciplinary management, evaluation, and treatment of patients with kidney-related hyperparathyroidism
- Recognize the symptoms and complications of primary hyperparathyroidism (pHPT)
- Describe indications for surgery in patients with pHPT
- Understand molecular testing results and pathology reporting for thyroid nodules
- Describe the diagnosis and indications for surgery for patients with hypercortisolism
- Discuss management of patients with advanced surgical endocrine disease, including advanced thyroid cancer and neuroendocrine tumors

EDUCATIONAL METHOD: The format will include lectures from leaders in each field, panel discussions, and case presentations led by moderators. There will be ample opportunity for questions and discussion.

COURSE PLANNING COMMITTEE:

Tracy S. Wang, MD, MPH *Course Director*
Sophie Y. Dream, MD *Course Director*
Ty Carroll, MD *Physician Planner*
Tina W. F. Yen, MD, MS *Physician Planner*

GUEST SPEAKERS

Guest Speakers

Carmen C. Solórzano, MD, FACS, is Professor of Surgery, Chair of the Department of Surgery and Director of Endocrine Surgery at Vanderbilt University Medical Center, Nashville, TN. She holds the John L. Sawyers Chair in Surgical Sciences. She is a graduate of the University of Florida General Surgery program and completed a Surgical Oncology fellowship at the University of Texas MD Anderson Cancer Center. Her clinical research interests include the use of minimally invasive techniques for parathyroid and adrenal tumors, the use of Near Infra-red light to detect parathyroid/endocrine tumors, the use of surgeon-performed ultrasound for thyroid and parathyroid disease, the surgical management of recurrent/persistent thyroid cancer, and the treatment of neuroendocrine tumors and MEN syndromes. Dr. Solórzano is President-Elect of the American Association of Endocrine Surgeons (AAES) and serves as Governor of the American College of Surgeons representing the

AAES, ACS Board of Governors liaison to the CoC, Chair of the Society of Surgical Oncology Endocrine and Head and Neck Site Disease working group. She is also a member of the American Thyroid Association Thyroid Nodules Guidelines Task Force and is an American Board of Surgery oral board examiner and serves as certifying examination endocrine question consultant. She is a member of the American Surgical Association and the Southern Surgical Association.

Linwah Yip, MD, FACS, is an Associate Professor in the Department of Surgery, Chief of the Division of Breast and Endocrine Surgery, and Program Director for the Complex General Surgical Oncology Fellowship at the University of Pittsburgh School of Medicine. She holds a secondary appointment with the Clinical and Translational Science Institute. Dr. Yip received her medical degree from the University of Chicago Pritzker School of Medicine before completing surgical residency training at Northwestern University Feinberg School of Medicine and the University of Florida Health Sciences Center. She completed surgical oncology research and clinical fellowships at the University of Texas MD Anderson Cancer Center and the University of Pittsburgh. Her clinical focus is thyroid and parathyroid disease/cancers, adrenal tumors, and functional pancreatic tumors.

She studies the contribution of molecular marker testing to optimize diagnosis and treatment for thyroid cancer patients, and leads the UPMC VHL Alliance Comprehensive Clinical Care Center.
